

HATEBUSTERS
Youth against hate

HateBusters:

Youth Against Hate

ABOUT THE PROJECT

HateBusters is a 24-month Erasmus+ EU project that includes 5 organizations from 5 European countries working on the prevention of hate speech and cyberbullying.

PROJECT AIMS

- Equip youth workers and young people with skills on recognizing and dealing with hate speech online and offline;
- Empower them to work further for preventing the causes that lead to this dangerous phenomenon, by connecting more the offline-“real-life” behavior with the online behavior and the real life impact that online hate speech and cyberbullying have on individuals.

TARGET GROUP

- Multipliers, trainers, educators, teachers and NGO members;
- Young people, with special focus on young people at risk of marginalization and of migrant background.

RESULTS

HATEBUSTERS TRAINING

15 youth workers and staff members of the partner organizations will participate in the learning, teaching and training activity where they will be trained on the main themes of the project, in order to build a common basis level of knowledge.

HATEBUSTERS AWARENESS TOOLKIT

Is a complete campaign and a guide for young people 13-24 years old that aims to contribute to the combat against hate speech both in an online and offline level through the promotion of democracy and the common values of freedom, tolerance and respect of human rights.

Sub-outputs: HateBusters Educational and Awareness Building Videos, The "Lazy" Person's guide to become a HateBuster: Mobilisation of the Young People Guide, HateBusters Online Campaign.

HATEBUSTERS GUIDE: HOW TO COMBAT HATE SPEECH AND CYBERBULLYING

Is a digital guide for youth workers which aims to offer theoretical and practical knowledge for the recognition, identification and classification of different forms of hate speech and its impact on young people. It will also equip youth workers with the know-how, tools and methods to build bottom-up youth campaigns that will attract and activate young people against hate.

HATEBUSTERS APP

Is a mobile app that will have the aim to educate both young people and youth workers on real life cases of hate speech and will:

- include information about how to recognize hate speech, different levels of hate speech and how to respond/address it
- include a simulation game where the user will choose a profile and he/she will respond to hate speech cases.
- have two profiles one for youth workers-educators and one for young people
